

GlutenTox® SticksPlus for Reader

GLUTEN
FREE

Quick and Reliable

Designed specifically for food & beverage analysis labs, GlutenTox® Sticks Plus for Reader is a rapid gluten detection kit for foods and drinks. GlutenTox Sticks Plus for Reader contains the G12 anti-gliadin antibody that specifically recognizes the 33-mer peptide, the gluten fraction that triggers celiac disease. Tests are quantified using GlutenTox Reader.

GlutenTox® Sticks Plus for Reader advantages:

- » Detection limit 1 ppm (<20 ppm is considered “gluten free”)
- » Only one dilution required to quantify
- » Quantifies 1-40 ppm of gluten using GlutenTox Reader
- » Validated for major food matrices
- » Flexible protocols (i.e. polyphenols, hydrolyzed samples, etc.)
- » No cross-reactivities
- » Results in \leq 50 minutes for food & drinks

GLUTEN
DETECTED

GlutenTox Sticks Plus for Reader is a **practical tool** for the control of gluten content in your food products.

Each kit contains 12 cassettes which are quantified using the GlutenTox Reader.

Industrial applications

- » Quantification of gluten presence in foods and drinks
- » Gluten-free food quality control
- » Trace gluten contamination in food and working surfaces
- » Monitoring of gluten-removal
- » HACCP, ISO 22000, BRC, and IFS compliance
